Less than 8 hours drive time from Akron!

The vacation you can't resist.

Ocean City Getaway is a designer three-bedroom, two bath condo, located on the coveted 1st Street beach block. This bright and vibrant, ground floor condo is just a short walk to the popular and family friendly 1st Street beach area, which offers convenient access to all the beach's amenities and the most popular Browns Restaurant donuts.

Encompassing the entire ground floor of a brand new development, this incredible beach home is furnished with Pottery Barn and Restoration Hardware furniture and has custom finishes throughout. The chef's kitchen features maple white cabinetry and is ready for entertaining with a full stainless appliance suite, marble countertops, and a wine cooler that is tucked in the large island. The living room has ample sitting to enjoy the 60" HDTV and custom 72" LCD fireplace. The living spaces are finished with exotic hardwood and the bedrooms with comfortable plush carpet.

The master bedroom with ensuite has a King bed, HDTV, and rear balcony for enjoying your morning coffee. The master shower is a "walk-in" full, glass spa. The second bedroom has a King bed, HDTV, and a balcony. The third bedroom has two bunk beds and sleeps five children with a pyramid bunk bed and a twin bunk bed. The baths are finished in Carrera marble with quartz countertops to bring a spa-like feel to your holiday home.

The front porch has four rocking chairs, a tropical ceiling fan, and two tables to relax the summer days and evenings away. There is a private outdoor shower with evening lighting and a teak bench for cleaning up after the beach. The laundry has a large stacked washer and dryer, so guests can pack as little or as much as they would like.

This is a private alley lot so there is parking for two cars and a large garage for storing all your items.
